

# The Argonauts and the Magical Digital Ocean

A cyber adventure for young explorers!

[www.cybereducationforkids.com](http://www.cybereducationforkids.com)

# Every ship carries a treasure!

In the Digital Ocean, our treasure is our special memories, our favorite games, and our family's secrets.

It is our most important job to keep it safe!

# Meet the Protectors!

**Captain Jason leads  
the way and steers  
the ship!**

**Builder Argos makes the  
ship super strong so no  
bad guys can sneak inside.**

# Meet the Protectors!

**Musician Orpheus plays a sweet song that helps everyone follow the safety rules.**

**Navigator Tiphys reads the Magic Map to steer us safely around hidden bumps!**

1 **And if trouble finds us?  
We have Strong Hercules!**

He is the big helper who  
fixes things fast when there  
is a messy problem.

1 **Rule #1: You never have  
to face trouble alone! Just  
press the HELP button!**

**The Digital Ocean is full of amazing places to play and learn!  
But just like the real ocean, there are some tricky monsters  
hiding in the deep. Let's see how the Argonauts beat them!**

# Danger! The Tricky Rocks!

These rocks send out fake messages that look like presents. "Click here for a free toy!"

If you click without thinking, SNAP! The rocks trap the ship!

# The Magic Tool: The Secret Handshake!

How do we beat them?  
**We STOP!**

We never click a  
surprise box alone.  
We always do a  
'Secret Handshake'  
by double-checking  
with a grown-up first!

## **Danger! The Grabby Hydra!**

**Oh no! This monster reaches into the ship and tries to lock up our games and pictures. It says it won't give them back unless we do exactly what it says!**

## **The Magic Tool: The Magical Mirror Copy!**

**Hercules laughs! We keep a secret, safe copy of all our treasures. If the monster takes one toy, we just use our magic backup copy!**

# **Danger! The Sweet-Singing Sirens!**

**Listen... they sound like friendly kids, but they are strangers!  
They sing tricky songs to make you tell them your family's secrets and passwords.**

# The Magic Tool: Earplugs and Grown-ups!

- We don't talk to strangers in the Digital Ocean!
- We block out their tricky questions and tell Captain Mom or Captain Dad right away.

# The Argonauts' Monster Match-Up Guide

The crew has the right magic tool for every monster. Now you do, too!

**Tricky Rocks**  
(Fake Links)

**Stop & Ask**  
(Handshake)

**Grabby Hydra**  
(Locking Toys)

**Magic Copy**  
(Backup)

**Sirens**  
(Strangers)

**Tell a Grown-up**  
(Earplugs)

# Safe Harbor!

Hooray! By working together, using our map, and being careful, the Argonauts made it safely across the ocean. The treasure is perfectly protected!

# The Argonaut's Pledge

Now YOU are an official Digital Argonaut!  
Remember your pledge:

1. I will protect my digital treasure.
2. I will **STOP** and **ASK** before I click a surprise.
3. I will always tell a grown-up if I see a monster!

Welcome to the crew!
